KWETB Core Values

Scoil Chonglais is a coeducational, multid denominational post primary school, under the patronage of KWETB. Our school community is committed to our ETB core values of Excellence in Education, Care, Respect, Equality and Community.

Rationale

Scoil Chonglais recognises that all students have the right to attend school and the right to receive an education. Regular attendance at school is fundamental to their academic success and the school wishes to work in partnership with parents/guardians to promote such attendance.

There is an established link between attendance and achievement. Aside from the holistic development of the individual, each student must be in school to achieve. The school affirms that parents and guardians have a primary responsibility to ensure that children of school going age attend school once they are enrolled. They are obliged to complete three years of post-primary education up to their sixteenth birthday.

The Education (Welfare) Act 2000 Section 22(1) and 22(2) requires all schools to draw up a Statement of Strategy regarding attendance/participation, and subject to the functions of the Minister pursuant to Section 7(1) of the Education Act 1998.

The purpose of this policy is to outline our approach to monitoring, encouraging and promoting regular school attendance. Educational studies consistently show a link between regular student attendance and the successful achievement of learning outcomes.

There will be a school meeting scheduled with the Year Head upon returning to school.

Legal Requirements - Education (Welfare) Act 2000

The purpose of the Education (Welfare) Act 2000 is to encourage regular school attendance and participation in education for as long as possible.

The Educational Welfare Services of Tusla, the Child and Family Agency, operate under the Education (Welfare) Act, 2000. The statutory and school support services of Tusla's Educational Welfare Services work collaboratively with schools and other relevant services to secure better educational outcomes for students.

As a school, we are obliged by law under the Education (Welfare) Act, 2000 to submit reports on school attendance to the Educational Welfare Services of Tusla.

Educational Welfare Officers (EWOs)

Educational Welfare Officers (EWOs) work with young people and their families who are having trouble with school attendance. The main priority of their work is around the welfare of children and young people and on ensuring that concerns and problems around attendance are addressed before attendance becomes a crisis issue.

Educational Welfare Officers (EWOs) are employed throughout the country to offer advice, support and guidance to parents who need support in ensuring that their child attends schools regularly.

If the school contacts an EWO with concerns in relation to a student's attendance, the EWO will talk to the Principal or her nominee and find out what efforts have been made to date to help the child. The EWO may then decide to contact the family and meet with them.

The main work of an Educational Welfare Officer (EWO) is around the welfare of the child and the family and on ensuring that concerns and problems are dealt with before school attendance becomes a crisis issue.

However, if a parent fails in his or her duty to ensure that their child attends school, then the EWO has the power to take legal action against the parent under the Education (Welfare) Act, 2000.
